INTRODUCTION

The Namibia National Olympic Committee (NNOC) was founded in 1990, just after the independence of Namibia. Since we don't have a National Anti-Doping Organization (NADO) the NNOC is the interim NADO as per IOC directive. The interim NADO is registered as NAM-NOC which is the organization tasked with the responsibility of implementing the national anti-doping programme in the country, following the standards stipulated by the World Anti-Doping Agency (WADA). NAM-NOC's mission is to make sure that all National Federation comply with the rules.

The main functions of NAM-NOC include the deterrence of doping through communication and education initiatives, the detection of doping through testing activities and investigations, and the enforcement of anti-doping rules.
