"I am honoured to lead Team Namibia at the Dakar 2026 Youth Olympic Games, a historic milestone as the first Olympic event to be held on African soil. As an Olympian, I understand the impact that opportunities like these can have on a young athlete's journey. Having also spent the past several years working in international sport management and administration, I am committed to ensuring our athletes are fully prepared, well supported, and able to perform at their best in Dakar. Beyond the competition, I hope this experience will inspire them, help shape their future sporting careers, and contribute to their growth as confident young leaders and ambassadors for Namibia."
